

FOR IMMEDIATE RELEASE**NATIONWIDE BOILER SIGNS CALDERAS MYRGGO, S.A. DE
C.V. AS A NEW REPRESENTATIVE IN MEXICO**

Fremont, California, June 3, 2014.....Nationwide Boiler Inc. has formed an agreement with Calderas Myrggo, S.A. de C.V., located in Guadalupe, Nuevo Leon, for complete representation throughout Mexico. As a representative, Calderas Myrggo will promote and solicit the rental, leasing and sales of Nationwide Boiler's extensive line of trailer-mounted watertube boilers and the 200,000 lb/hr skid-mounted Babcock & Wilcox FM120-124 "World Boiler" to potential customers in Mexico. Nationwide Boiler will also refer business to Calderas Myrggo as opportunities arise. The two companies plan to work together to increase and strengthen their presence in the marketplace.

"We are hopeful that Calderas Myrggo will give us the full service representation we need to grow our rental business and increase our sales of reconditioned boilers south of the border. With their long history and experience in the boiler industry, they have the capability of greatly enhancing our customer base in Mexico," explained Larry Day, Vice President of Sales and Marketing at Nationwide Boiler Inc.

Calderas Myrggo S.A. de C.V. was established in Monterrey, Mexico in 1957 as a firetube boiler manufacturer. Since then, they have grown to incorporate four locations and not only build their own brand of boilers, but also service and repair boilers all over Mexico. With a vast equipment offering, Calderas Myrggo S.A. de C.V. serves a wide variety of industries from hotels and hospitals to chemical and electric generation companies worldwide.
