

FOR IMMEDIATE RELEASE**TWO NEW 70,000 LB/HR TRAILER-MOUNTED RENTAL
BOILERS AVAILABLE FROM NATIONWIDE BOILER INC.**

Fremont, California, July 23, 2013.....Nationwide Boiler Inc., the largest boiler rental firm in the U.S. has taken stock of two new 70,000 lb/hr trailer-mounted saturated, package watertube boilers, with design pressures of 400 psig. Built by Cleaver-Brooks Nebraska Boiler, these units are completely pre-piped and pre-wired and can be fired with natural gas or no. 2 fuel oil. They are equipped with low NOx burners, and optional EconoStak economizers are available for added fuel efficiency. Nationwide Boiler's CataStak™ Selective Catalytic Reduction (SCR) system can also be supplied as an option to reduce NOx emissions to less than 5 ppm.

For nearly fifty-years Nationwide Boiler Inc. has provided a complete line of industrial low NOx boilers, mobile rental units, and boiler related equipment for rental, short-term, seasonal, emergency use, or for sale. The firm's headquarters are in Fremont, California with sales and service agents located throughout the world. Visit www.nationwideboiler.com for details.
