

FOR IMMEDIATE RELEASE**NATIONWIDE BOILER ACQUIRES ADDITIONAL BOILERS
TO EXPANDING ASSET INVENTORY**

Fremont, CA, October 18, 2013..... Four previously owned boilers have been added to Nationwide Boiler Inc's growing inventory of boiler systems. The boilers will undergo Nationwide Boiler's reconditioning program and will be released for sale upon reconditioning and tested. All four units are ideal for commercial and industrial plant owners who are in immediate need of in stock reconditioned boilers that carry the same guarantee as new, warranted boiler equipment.

The four units include a 100,000 lb/hr (350 psig design) Zurn gas or #2 oil-firing watertube boiler, 700 hp (250 psig design) Cleaver-Brooks gas or #2 oil-firing firetube boiler, 350 hp (150 psig design) Cleaver-Brooks gas firing firetube boiler, and a 250 hp (150 psig design) Hurst gas firing firetube boiler. These boilers are ASME certified and will meet NOx emission levels of 30 ppm or less.

Nationwide Boiler supplies a complete line of boiler related equipment for rental, short-term, seasonal, emergency use or for sale and turnkey plant projects. With total boiler equipment assets worth over \$98,000,000, Nationwide Boiler is the largest rental and boiler equipment sales company in the world.
