

**FOR IMMEDIATE RELEASE****NATIONWIDE ENVIRONMENTAL SOLUTIONS SIGNS NEW  
REPRESENTATIVE IN SOUTHERN CALIFORNIA**

**Fremont, California, February 5, 2016.**.....Nationwide Environmental Solutions, a strategic business unit of Nationwide Boiler Inc., recently solidified a representative agreement with JWM & Affiliates, Inc., located in Oceanside, CA. The agreement grants JWM & Affiliates, Inc. the right to solicit sales of Nationwide's ultra low NOx CataStak™ Selective Catalytic Reduction (SCR) system, EconoStak economizers, and other related environmental control technology products for the petrochemical and petroleum refining industries in California, Oregon and Washington.

Nationwide Boiler's Director of Sales William Testa stated, "This new alliance between Nationwide Environmental Solutions and JWM & Affiliates will be mutually beneficial to both companies. JWM & Affiliates has an outstanding relationship with many prominent refineries and chemical companies on the West Coast, and Nationwide has the product line to supply these customers with proven emissions reduction solutions required for compliance with new and existing, stringent guidelines for control of NOx and other Green House Gas emissions."

JWM & Affiliates, Inc. has served the industry for over 35 years. The company specializes in servicing the Petrochemical, Refining, Processing, Chemical, Pipeline, and other related industries, and provides superior project support throughout the bidding, engineering, fabrication and delivery phases. To learn more about JWM & Affiliates, visit their website at [www.jwmandaffiliates.com](http://www.jwmandaffiliates.com).
