

FOR IMMEDIATE RELEASE**NATIONWIDE BOILER INC. SIGNS THREE NEW
REPRESENTATIVES IN THE MIDEAST UNITED STATES**

Fremont, California, July 13, 2015.....Nationwide Boiler Inc. recently signed three new corporate representatives to enhance their product and services presence in the Mideast. The three companies, DJ Conley Associates Inc., Dean Boiler, Inc., and Combustion Systems Co., Inc., are all boiler manufacturers' representatives and have extensive experience and background in the boiler industry. Each of these companies have been recruited to help strengthen Nationwide Boiler's efforts in providing quality equipment and high level service to customers with rental and permanent steam boiler requirements. They will be utilized for local sales and service support within their allotted territories.

DJ Conley Associates, Inc. was established in 1976 and is based out of Troy, MI. They are a dedicated customer service company providing boiler room equipment, engineering, and service capabilities. The company strives to be "honest, professional, and dependable", values that align with Nationwide Boiler's mission of providing "integrity, dependability, and real customer service". DJ Conley Associates will be the local representative for Nationwide Boiler for a number of counties in Michigan, while the remaining counties will be covered by Dean Boiler.

With three locations in Michigan and headquarters in Grand Rapids, Dean Boiler is a full service boiler repair and contracting installation company with all code stamps, and is ideal for providing service support to Nationwide Boiler's customers. In addition to local sales and service

support, their large facility will be utilized as an additional Nationwide Boiler storage location for equipment in the Mideast.

Combustion Systems Co., Inc., Nationwide Boiler's newest representative, is based out of Indianapolis, IN and has been serving the combustion market for forty years. As a solutions-based provider, Combustion Systems always has the customer's best interest in mind. The company will provide service and start-up support to Nationwide Boiler in the states of Indiana, Illinois and part of Wisconsin.

For nearly 50 years Nationwide Boiler Inc. has supplied customers with reliable equipment and trusted service. Product offerings include trailer-mounted boilers, mobile boiler rooms, skid-mounted boilers, EconoStak economizers and related equipment for rental, short-term, emergency use, or for sale. Nationwide Boiler's CataStak™ SCR system leads the nation with the most successful 5 ppm NOx installations for package boilers.
