

FOR IMMEDIATE RELEASE**NATIONWIDE BOILER ANNOUNCES LEADERSHIP
SUCCESSION, APPOINTS JIM LIESKOVAN PRESIDENT****Fremont, California, July 31, 2026**

Nationwide Boiler Inc., supplier of industrial rental boilers, new and used in-stock package boilers, emissions control equipment and custom PLC control systems, is pleased to announce a planned leadership transition designed to ensure continuity and long-term stability. Current VP of Sales, Jim Lieskovan, has been appointed President effective August 1, 2026, and Larry Day will continue in his role as CEO through his retirement in January 2027.

Serving as Nationwide Boiler's President and CEO since 2016, Larry has played a key role in guiding the company's growth, strengthening its market position, and advancing Nationwide Boiler's capabilities across its rental, sales, and emissions control businesses. As CEO, he will continue to provide strategic leadership and oversight during the transition period. "I am proud of what we have accomplished together and grateful for the opportunity to continue serving as CEO through my retirement," said Larry. "Nationwide Boiler has an exceptional team and a strong foundation built on integrity, dependability, and real customer service. Jim is well positioned to lead the company forward, and I look forward to working closely with him to ensure a smooth and successful transition."

Jim Lieskovan brings extensive industry and leadership experience to his new role as President. Jim has demonstrated a strong commitment to operational excellence, customer satisfaction, and strategic growth throughout his tenure with Nationwide Boiler. As President, he will oversee the day-to-day operations of the company and work closely with the leadership team to continue driving innovation and delivering value to customers and partners. "I am honored to step into the role of President," said Jim. "Larry has built a company with a strong reputation and a culture that truly sets it apart. I look forward to building on that legacy and working with our talented team to continue delivering the quality and service our customers expect."

Larry will remain actively involved as CEO through his retirement in January 2027, providing continuity and strategic direction during the transition period. Upon his retirement, Jim Lieskovan will assume full responsibility as President and CEO of Nationwide Boiler, and Larry Day will continue to serve on the Board of Directors.

With headquarters in Fremont, California, Nationwide Boiler has been a leading supplier of industrial rental and package boilers for nearly sixty years. The company maintains one of the largest fleets of rental boilers in the world, with trailer-mounted units ranging from 40,000 to 150,000 pph for both saturated and superheated steam applications. Mobile steam plants range from 50 hp to 1,000 hp, and the company also stocks a wide range of new and reconditioned package firetube and watertube boilers up to 250,000 pph. In addition, Nationwide Boiler supplies proven emissions control equipment, including the CataStak™ SCR system, as well as custom PLC-based control systems through their controls division in Washougal, Washington.
