

FOR IMMEDIATE RELEASE**NATIONWIDE BOILER INC. ANNOUNCES NEW
REPRESENTATIVE AGREEMENT WITH PROCESS
COMBUSTION SYSTEMS, INC.**

Fremont, California, August 3, 2016.....Nationwide Boiler Inc. and Process Combustion Systems, Inc. have formalized a representative agreement for the solicitation of rental boilers and new and used boiler sales in the provinces of British Columbia, Alberta and Saskatchewan, Canada. Based in Calgary, Process Combustion Systems provides burner equipment and controls for boilers, once through steam generators, process heaters, incinerators, thermal oxidizers, and other fired equipment. This new relationship will enhance Nationwide Boiler's presence in western Canada and expand Process Combustion Systems' current product offering to new and existing clientele.

Nationwide Boiler's Director of Sales, William Testa, stated, "Process Combustion Systems has a long history of providing exceptional services to customers in the gas and oil, agricultural, mining, petrochemical, and commercial heating industries. With their vast experience and large client base, we expect to cultivate countless opportunities and work together on many projects in the near and long-term future."

For nearly fifty years Nationwide Boiler has provided temporary and permanent boiler solutions to customers throughout the world. Products include trailer-mounted boilers, mobile boiler rooms, skid-mounted boilers, EconoStak economizers, CataStak™ SCR systems, DataStak™ emissions and efficiency monitoring systems, and other boiler related equipment.
